**HandsOfRescue@gmail.com**

You served your country through a war, or through peacetime. You expected to receive a military burial, recognition by our government of your commitment to our great country. You expected to have honor and respect paid to you as a result of your service to our great country. Instead, you reside on a shelf in a mortuary or a storage facility at a crematorium. The purpose of the MIA Project is to locate, identify and inter the unclaimed cremated remains of American veterans through the joint efforts of private, state and federal organizations. To provide honor and respect to those who have served this country by securing a final resting place for these forgotten heroes

**Raffle items to include: A custom guitar created by Van Flowers of Phat Guitars**

**Our Military should always be Remembered, Never Forgotten**

**There will be a Marine Color Guard and a Rifle Team that will be part of the day's ceremony.**

**This will be an event that will have something for everyone.**
